SUBJECT: Commendation - Mr. Hubert Le Blanc

I am in receipt of a letter from Brigadier General J. H. Phillips, Assistant Chief of Staff, G-2, United States Army in Europe, stating that your performance during the recent Command Post Exercise COUNTERTHRUST II was so exemplary as to warrant commendation. I quote paragraph 2 of this letter dated 30 April 1954:

"Not only did all members of the unit display a superior knowledge of thier job, but their enthusiasm, conduct, and ability to adapt themselves to field conditions were worthy of praise."

I need not point out to you that by your demonstration of professional competence you have contributed to an esprit de corps in your specialty, but you have contributed to inter-agency cooperation, maintained and increased the reputation of your employing agency, and proved that you are ready to perform valuable service in time of need.

It is requested that this commendation be entered by your appropriate supervisor in your permanent file.
